Two-Day CERTIFIED CLINICAL TRAUMA PROFESSIONAL

After decades of treating traumatic stress, we have learned that effective treatment can be simple... but it's not easy.

Studies indicate that there are four key elements to effective trauma treatment. When you accomplish these four key elements in treatment with your clients, you will be able to reduce their symptoms and improve clinical outcomes. Attend this workshop and you will walk away with a step-by-step **four-stage framework** for navigating essential elements of trauma treatment with your traumatized clients.

The essential elements are common to all evidence-based trauma treatments, you will learn how you can integrate this framework with your current approach or methodology to improve how you treat trauma. Join J. Eric Gentry, PhD, LMHC, DAAETS, FAAETS, CCTP as he shows you how this trauma competency training can give you **tools and techniques for your clinical practice and help improve your trauma treatment outcomes**, just as he has for other clinicians around the world.

Best of all, upon completion of this live training, you'll be eligible to become a **Certified Clinical Trauma Professional (CCTP)** through Evergreen Certifications. Certification lets colleagues, employers, and clients know that you've invested the extra time and effort necessary to understand the complexities of trauma counselling. Professional standards apply. Visit www.evergreencertifications.com/CCTP for details.

Meet Your Speaker

J. Eric Gentry, PhD, LMHC, DAAETS, FAAETS, CCTP, is an internationally recognized leader in the study and treatment of traumatic stress and compassion fatigue. His PhD is from Florida State University where he studied with Professor Charles Figley--a pioneer of these two fields. In 1997, he co-developed the Accelerated Recovery Program (ARP) for compassion fatigue - the world's only evidence-based treatment protocol for compassion fatigue. In 1998, he introduced the Certified Compassion Fatigue Specialist Training and Compassion Fatigue Prevention & Resiliency Training. These two trainings have demonstrated treatment effectiveness for the symptoms of compassion fatigue, and he published these effects in several journals. He has trained over 100,000 health professionals over the past 20 years.

He has written numerous chapters, papers, and peer-reviewed journal articles in the areas of traumatic stress and compassion fatigue. Dr. Gentry is a Master Traumatologist with over 35 years of clinical experience with trauma, Complex PTSD, personality disorders, and dissociation.

He is the president and CEO of The Forward-Facing® Institute and owner of Compassion Unlimited -- a private psychotherapy, training, and consulting practice-in Phoenix, AZ.
