

Outline

**Dyslexia**  
Where it originated  
Facts verses myths  
The public health impact

**Assessment for Cognitive Function**  
Visual and auditory memory  
Phonological awareness and memory  
Visual perceptual skills  
Visual motor skills  
Handwriting skills  
Reading rate, accuracy, fluency and comprehension

**Treatment Strategies for Redeveloping Neuropathways**  
Visual perception skills to:  
Keep up with note taking in class  
Remember multi-step instructions  
Remember the order of letters when spelling a word  
Remember how to do homework once at home

Memory skills/phonological awareness to:  
Remember more than 1 or 2 instructions at a time  
Interpret words as they were intended: cat verses hat  
Spell aloud

Visual skills to:  
Discriminate different fonts  
Form letters or numbers  
Not write letters or numbers backwards  
Help with mixing up letters/numbers - /d/ from /b/ or /E/ from /3/  
Find their pencil in their desk  
Find matching socks when dressing

Visual motor skills to:  
Copy notes in time to keep up with the class  
Tie shoes  
Ride a bike  
Become more coordinated

Handwriting skills to:  
Help with slow, messy writing or letter formation or letter spacing  
Printing  
Write in cursive

Reading/comprehension skills to:  
Read at age or grade level  
Pseudoword reading to match word reading level

**Lab**  
Experience  
Mock sessions - practice treatment interventions  
Case Studies: review a sample evaluation, discuss a treatment plan and treatment interventions

**Documentation and Billing**  
ICD-10 treatment diagnostic codes and CPT billing codes for reimbursement of provided services

**Live Seminar Schedule**

**7:30** Registration/Morning Coffee & Tea  
**8:00** Program begins  
**11:50-1:00** Lunch (*on your own*)  
**4:00** Program ends

**For locations and maps, go to [www.pesirehab.com](http://www.pesirehab.com), find your event, and click on the seminar title.**

Objectives

1. Analyze the 3 types of dyslexia and apply compensatory strategies to each specific type, such as recital, chunking, and mnemonics as they apply to visual and auditory memory.
2. Determine the executive cognitive functions and treatment methodologies that impact processing speed and reading comprehension
3. Choose treatment strategies to address visual perceptual, visual motor integration, auditory and visual memory deficits to increase handwriting legibility, reading comprehension, and ability to follow multi-step directions.
4. Communicate how to integrate electronic and low tech games into treatment activities to increase reading comprehension, ability to follow multi-step directions for increased academic success.
5. Identify ICD-10 treatment diagnostic codes and CPT billing codes to properly bill for reimbursement.
6. Establish 3 strategies to improve client's ability to recall multi-step instructions and letter sequence for spelling.

**Hassle-Free Cancellation Policy:** If you contact us before the event date, you can exchange for a DVD or CD/digital manual package on the subject (self-study continuing education credit may be available), a certificate to attend another seminar, or receive a tuition refund less a \$30 cancel fee. Substitutions are permitted at any time.

**Target Audience:** Occupational Therapists & Occupational Therapy Assistants • Counselors • Social Workers  
Speech-Language Pathologists • Teachers • Other Helping Professionals that Work with Children

## Dyslexia

Dyslexia - the invisible disability that impacts 1:5 individuals!

It's not just an issue of trying harder or paying attention.

You know the stories you hear from your clients - hours of studying just to forget it all on a test the following day, constant lack of ability to understand what they read, difficulty remembering lists or instructions beyond three, the overwhelming frustration of knowing what they want to say or do, but not being able to express it on paper or get the words out, socially withdrawn in attempt to hide their struggles.

In this seminar, you will have the opportunity to practice treatment ideas that will incorporate the use of client-centered everyday routines, games, technology, sensory and hands-on approaches to help your client overcome the challenges of life with dyslexia.

Upon completion of this program, you will be able to immediately provide treatment to address your client's:

- Visual perceptual skills
- Visual motor integration
- Auditory and visual memory
- Reading rate, accuracy, fluency, comprehension
- Phonetic awareness and memory
- Spelling and handwriting struggles

Turn everyday activities into successful treatment!

## Speaker

**Tracey Davis, MOT, OTR/L**, has extensive experience working with children with dyslexia, sensory processing differences and adopted children who come from trauma backgrounds. Her passion incorporates 19 years of occupational therapy experience with dyslexia training to provide sessions rich in sensory, visual, and kinesthetic techniques. Tracey received training in Orton-Gillingham based tutoring as well as sensory processing training through the STAR Institute. She conducts live programs as well as live distance tutoring sessions using secure video conferencing software, working with families all over the world. Additionally, as the owner of Global Therapy Consultants, she offers consultations to families and therapists interested in helping children with learning differences. Tracey started working in Telehealth in 2013 and began work on her Doctorate of Health Sciences in 2015. She earned her Bachelor's Degree in Psychology in 1998 and Master's Degree in Occupational Therapy in 1999.

Speaker Disclosures:

Financial: Tracey Davis is the owner of Global Therapy Consultants. She has an employment relationship with Growing Healthy Children Therapy Services; and Nationwide Children's Hospital. Ms. Davis receives a speaking honorarium from PESI, Inc.

Non-financial: Tracey Davis is a member of the American Occupational Therapy Association.

PESI Inc. is proud to offer this seminar (at these locations only) *free* of charge (on live seminar tuition) for veterans and active duty military personnel. **Advance registration by phone required.**

The nation's top speakers and authors contact us first. If you are interested in becoming a speaker or have a new topic idea, please contact **Meg Mickelson Graf** at [mgraf@pesi.com](mailto:mgraf@pesi.com) or call 715-855-8199.
