Too often, therapists feel paralyzed by the fear that they don't know enough about other cultures to try to counsel clients different than themselves.

Attend this workshop and reduce those fears by increasing your understanding of cultural experiences with which you are not personally or professionally familiar.

Without learning multiple languages or becoming an expert on every possible culture, you can become more culturally competent and feel more confident in your ability to counsel any client from any culture. Beyond ethnicity, you will also explore issues of age, gender, sexuality, religion, acculturation, and social justice, as well as opportunities to strengthen the therapist's own cultural self-awareness.

Join **Lambers Fisher, MS, LMFT, MDIV**, for this adventure into the world of cultural competency. Take away immediately applicable and practical strategies to:

- Improve assessment
- Avoid ethical dilemmas
- Overcome fears
- Reduce unintentional cultural offense
- Build significant therapeutic rapport
- Help clients of any cultural background make meaningful change in their lives

You may just want to attend this seminar to receive 3 hours of cultural competency and up to 3.25 hours of ethics. You will leave with so much more! This highly engaging and encouraging seminar will challenge you to learn more about other cultures, accept what you do not yet know in the process, and utilize therapeutic strategies that can help you be effective along the journey toward becoming an increasingly culturally competent therapist.
