

EMDR 3-Day Intensive Training

Join trauma specialist, author and national trainer, Linda Curran, BCPC, LPC, CACD, CCDPD, for this intensive 3-day EMDR training that will provide you the knowledge and skills needed to use EMDR safely and effectively with your trauma clients. Through lecture, live and videotaped demonstrations, and experiential exercises, this training will provide participants with an in-depth knowledge of trauma theory, principles, diagnosis, and treatment.

Beginning with an overview of the physiological nature of trauma, through current research on neuroscience, Linda will guide you through the traumatic stress disorders – those included in and excluded from the DSM-5®’s newly-created classification, Trauma and Stressor-related Disorders:

- Acute Trauma Disorder
- Simple PTSD
- Complex PTSD
- PTSD Dissociative Subtype
- PTSD Preschool Subtype
- Developmental Trauma Disorder (DTD)
- Borderline Personality Disorder (BPD)

For all but single-incident trauma, the tri-phasic model is today’s state-of-the-art treatment approach. You will learn each phase of the treatment including its therapeutic goals and the clinical tools to reach those goals. Most importantly, you will:

- Learn EMDR: Eye Movement Desensitization and Reprocessing skills
- Practice using these new tools in a safe and supervised environment.
- Leave this dynamic, comprehensive training equipped to improve outcomes with traumatized clients

This training is not affiliated with EMDRIA and does not qualify towards EMDRIA credits or training.

Intended Audience

This workshop is intended for masters- and doctoral-level clinicians experienced in working with trauma. In this course, you will learn and practice alternating bilateral stimulation into two distinct types of psychotherapy sessions; development and installation of internal resources; and reprocessing of traumatic material. This course assumes requisite knowledge of, and experience with, a traumatized population (i.e., clients with underlying simple or complex PTSD regardless of presenting issues).

Participants will leave the workshop with both theoretical knowledge of the current trauma paradigm as well as the practical “hands on” experience of participating in EMDR for resourcing and reprocessing trauma.

Outline

Neuroscience of Trauma and DSM-5® Diagnostic Criteria

- Neuroscience’s Current Trauma Paradigm
- Biological nature of trauma
 - Triune Brain, The Nervous System and the Stress Response
 - Polyvagal Theory
 - Traumatic Stress: Normal, prolonged, complex and developmental
 - Specific trauma symptoms
 - Primary treatment issues in trauma therapy

- Trauma and Attachment:
- Attachment Essentials
 - Adverse Childhood Experiences Study
 - Baby/Momma Trauma
 - Insecure Attachment Styles Assessment and Primary Treatment Issues
 - Avoidant
 - Preoccupied
 - Disorganized type

- Trauma’s Somatic and Sensorimotor Sequelae:
- Hyperarousal
 - Hypoarousal
 - Dissociation, Body memories and “flashbacks”
 - Affect dysregulation

- Assessment and Diagnosis of Trauma Disorders
- Simple PTSD
 - Complex PTSD and/or DESNOS
 - Borderline Personality D/O vs. Affect Dysregulation D/O
 - DTD Developmental Trauma Disorder
 - Homework

Trauma Treatment: Trauma Tools, Trauma Treatment Modalities, and an Introduction to Eye Movement Desensitization and Reprocessing, EMDR

- The Stage Model of Treatment
- Stage One: Stabilization and Safety
- Assessment, Rapport, Psychoeducation
 - Developing the “Skills to Stay Stable”
 - Trauma Tools for Affect Regulation
 - Dissociative episodes and “flashbacks”
 - Grounding clients in their bodies and back in the present
 - Mindfulness

- Multisensory Guided Imagery
 - EFT
 - Somatic exercises
 - Reduction of physiological arousal
 - Grounding and centering
 - Containment and self-soothing
 - Decreasing physiological arousal levels
 - Recognizing and regulating affect
- Stage Two: Working Through Traumatic Memories
- Brief Overview of the Theory and Application of Trauma Processing
 - Trauma Processing Modalities:
 - Sensorimotor Psychotherapy
 - Somatic Experiencing (SE)
 - Eye Movement Desensitization and Reprocessing (EMDR)
 - Eye Movement Desensitization and Reprocessing (EMDR) Description

Practice EMDR for Resourcing and Processing Traumatic Memories

- Experiential exercises using EMDR
- Under supervision, clinicians will learn and practice the skills of EMDR for both
- Resourcing clients (Phase One)
 - Containment Imagery
 - Protection Imagery
 - Nurture Imagery
 - Comfortable Place Imagery
 - Reprocessing traumatic memories (Phase Two)

Limitations of Research and Potential Risk

Contraindications and precautions for reprocessing trauma

Differences in theory and in the associated neurophysiological models are a matter of ongoing discussion

Live Seminar Schedule (each day)

7:30 Registration/Morning Coffee & Tea

8:00 Program begins

11:50-1:00 Lunch (*on your own*)

4:00 Program ends

There will be two 15-min breaks (mid-morning & mid-afternoon). Actual lunch and break start times are at the discretion of the speaker. A more detailed schedule is available upon request.

Objectives

- 1. Evaluate the biological nature of trauma and how trauma is stored in the body and limbic system, creating physical and psychological symptoms to better understand your clients.
- 2. Differentiate between sympathetic (activated) freeze response and the parasympathetic (deactivated) dorsal vagal immobilization response your clients experience.
- 3. Distinguish between the following types of traumatic stress: normal, prolonged, complex and developmental and articulate treatment considerations for each.
- 4. Ascertain the clinical implications of traumatic stress symptomology, including hyperarousal, affect dysregulation, dissociation, body memories, and flashbacks.
- 5. Employ effective somatic techniques to reduce/eliminate client’s body memories, “flashbacks” and dissociation.
- 6. Summarize the landmark study: Adverse Childhood Experiences Study and understand the ten adverse childhood experiences studied as they related to clinical diagnosis and assessment.
- 7. Evaluate the clinical presentation of the following attachment styles as it relates to your clinical assessment: secure vs insecure; insecure; organized vs insecure disorganized.
- 8. Designate two different treatment strategies, once attachment style has been ascertained, based on your client’s attachment style.
- 9. Demonstrate strategies to help clients build skills to be prepared to process trauma via EMDR, including safety within the therapeutic alliance and skills for self-regulation.
- 10. Determine when/if your client is prepared to safely process trauma memories via EMDR.
- 11. Create and employ client-driven imagery for safety and containment during trauma processing.
- 12. Utilize clinical techniques to help with grounding and centering traumatized clients in-session.
- 13. Prepare clients with various trauma tools; mindfulness, guided imagery and meridian-based techniques to decrease client’s arousal levels and modulate affect.
- 14. Analyze and critique the original eight phases of EMDR’s standard protocol (Shapiro) as it relates to clinical treatment.
- 15. Determine Parnell’s four essential elements of each EMDR session and how it relates to client treatment.
- 16. Practice under supervision Parnell’s Modified EMDR protocol to prepare for work with your clients in-session.
- 17. Practice under supervision the skill for resourcing a client with imaginal resources prior to processing traumatic material.
- 18. Practice under supervision the trauma processing modality and EMDR tools for processing traumatic memories with your clients.
- 19. Utilize and practice two “cues of safety” with your clients based on Steve Porges’ Polyvagal Theory.

Become Certified!

This course counts toward the educational hours required for certification as a Certified Clinical Trauma Professional Level II (CCTP-Level II).

Speaker

Linda Curran, BCPC, LPC, CACD, CCDPD, is president of Integrative Trauma Treatment, LLC, in Havertown, PA. Currently, she provides clients an integrative approach to trauma, and treats PTSD in adolescent and adult populations, including clients with eating disorders, sexual trauma, and self-injury. An international speaker on the treatment of trauma, Linda has developed, produced, and presents multi-media workshops on all aspects of psychological trauma.

Linda is the author of best selling *Trauma Competency: A Clinician's Guide* (PPM, 2010) and her newest book *101 Trauma-Informed Interventions* (PPM, 2013) . She is the producer of the best-selling Interview Trauma series DVD's in which she collaborated with the world's leaders in Trauma: Bessel van der Kolk, M.D., Peter Levine, Ph.D., Babette Rothschild, MSW, LCS, Stephen Porges, Ph.D., Janina Fisher, Ph.D, and many more.

Speaker Disclosure:
Financial: Linda Curran maintains a private practice. She receives a speaking honorarium from PESI, Inc. Non-financial: Linda Curran has no relevant non-financial relationship to disclose.

Live Seminar Continuing Education Credit Information for the Entire Conference

Credits listed below are for full attendance at the live event only. After attendance has been verified, pre-registered attendees will receive an email from PESI Customer Service with the subject line, "Evaluation and Certificate" within one week. This email will contain a link to complete the seminar evaluation and allow attendees to print, email or download a certificate of completion if in full attendance. For those in partial attendance (arrived late or left early), a letter of attendance is available through that link and an adjusted certificate of completion reflecting partial credit will be issued within 30 days (if your board allows). Please see "live seminar schedule" for full attendance start and end times. NOTE: Boards do not allow credit for breaks or lunch.

If your profession is not listed, please contact your licensing board to determine your continuing education requirements and check for reciprocal approval. For other credit inquiries not specified below, or questions on home study credit availability, please contact cepesi@pesi.com or 800-844-8260 before the event.

Materials that are included in this course may include interventions and modalities that are beyond the authorized practice of mental health professionals. As a licensed professional, you are responsible for reviewing the scope of practice, including activities that are defined in law as beyond the boundaries of practice in accordance with and in compliance with your professions standards.

PESI, Inc. offers continuing education programs and products under the brand names PESI, PESI Healthcare, PESI Rehab and Psychotherapy Networker.

ADDITION COUNSELORS: This course has been approved by PESI, Inc., as a NAADAC Approved Education Provider, for 19 CE in the Counseling Services skill group. NAADAC Provider #77553. PESI, Inc. is responsible for all aspects of their programming. Full attendance is required; no partial credit will be awarded for partial attendance.

PENNSYLVANIA ADDITION COUNSELORS: This course has been reviewed and approved for by the Pennsylvania Certification Board. This course will award 19 PCB Approved Hours of Education. (Valid for PA locations only)

COUNSELORS: This intermediate activity consists of 19 clock hours of continuing education instruction. Credit requirements and approvals vary per state board regulations. Please save the course outline, the certificate of completion you receive from the activity and contact your state board or organization to determine specific filing requirements.

DELAWARE COUNSELORS: This intermediate activity consists of 19 clock hours of continuing education instruction. Credit requirements and approvals vary per state board regulations. Please contact your licensing board to determine if they accept programs or providers approved by other national or state licensing boards. A certificate of attendance will be awarded at the end of the program to participants who are in full attendance and who complete the program evaluation.

NEW JERSEY COUNSELORS: This intermediate activity consists of 19 clock hours of continuing education instruction. Credit requirements and approvals vary per state board regulations. Please contact your licensing board to determine if they accept programs or providers approved by other national or state licensing boards. A certificate of attendance will be awarded at the end of the program to participants who are in full attendance and who complete the program evaluation.

MARRIAGE & FAMILY THERAPISTS: This activity consists of 1140 minutes of continuing education instruction. Credit requirements and approvals vary per state board regulations. You should save this course outline, the certificate

of completion you receive from the activity and contact your state board or organization to determine specific filing requirements.

NURSES/NURSE PRACTITIONERS/CLINICAL NURSE SPECIALISTS: This activity consists of 19 clock hours of continuing education instruction. Credit requirements and approvals vary per state board regulations. Please save the course outline, the certificate of completion you receive from this activity and contact your state board or organization to determine specific filing requirements.

PSYCHOLOGISTS: This activity consists of 19.0 clock hours of continuing education instruction. The following state psychologist boards recognize activities sponsored by PESI, Inc. as an approved ACCME provider: Alaska, Arkansas, California, Colorado, Georgia, Illinois, Indiana, Kentucky, Maryland, Missouri, Nebraska, New Hampshire, New Jersey, New Mexico, Pennsylvania and South Carolina. Certificates of attendance will be issued for you to submit to your state licensing board to recognize for continuing education credit. Full attendance is required; no partial credits will be offered for partial attendance.

PESI, Inc. is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education. PESI, Inc. designates this live activity for a maximum of 19.0 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

SOCIAL WORKERS: PESI, Inc. Provider #:1062, is approved as a provider for social work continuing education by the Association of Social Work Boards (ASWB), www.aswb.org through the Approved Continuing Education (ACE) Program. PESI, Inc. maintains responsibility for the program. ASWB Approval Period: January 27, 2017 - January 27, 2020. Social workers should contact their regulatory board to determine course approval for continuing education credits. Social workers participating in this course will receive 19 (Clinical) continuing education clock hours for this intermediate course. A certificate of attendance will be awarded at the end of the program to social workers who complete the program evaluation.

NEW JERSEY SOCIAL WORKERS: Please contact PESI, Inc. at 800-844-8260 or info@pesi.com for information about continuing education credits for social works.

PENNSYLVANIA SOCIAL WORKERS, MARRIAGE & FAMILY THERAPISTS AND PROFESSIONAL COUNSELORS: This intermediate activity consists of 19 clock hours of continuing education instruction. Credit requirements and approvals vary per state board regulations. Please contact your licensing board to determine if they accept programs or providers approved by other national or state licensing boards. A certificate of attendance will be awarded at the end of the program to participants who are in full attendance and who complete the program evaluation. Full attendance is required; no partial credits will be offered for partial attendance.

OTHER PROFESSIONS: This activity qualifies for 1140 minutes of instructional content as required by many national, state and local licensing boards and professional organizations. Save your course outline and certificate of completion, and contact your own board or organization for specific requirements.

This training is not affiliated with EMDRIA and does not qualify towards EMDRIA credits or training.
