Details Inside

Certified Clinical Trauma Professional

The Successful Resolution of Traumatic Stress Can Be Simple.

Studies indicate that there are four key elements to effective trauma treatment. When you accomplish these four key elements in treatment with your clients, you will be able to reduce their symptoms and improve clinical outcomes.

Attend this conference and you will walk away with a step-by-step **four-stage framework** for navigating essential elements of trauma treatment with your traumatized clients.

The essential elements are common to all evidence-based trauma treatments, you will learn how you can integrate this framework with your current approach or methodology to make your trauma treatment even more effective!

This trauma competency training can **transform your clinical practice and help improve your trauma treatment outcomes**, just as it has for other clinicians around the world.

In addition, completion of this two-day conference meets the educational requirements when applying to **become a Certified Clinical Trauma Professional (International Association of Trauma Professionals, www.traumapro.net)

**Master the Core Competencies of
Trauma, PTSD, Grief & Loss...and become
a Certified Clinical Trauma Professional**

Trauma Competency Training

Based on 25 years of breakthrough research, this trauma competency training can **increase your confidence and effectiveness** in your work with trauma survivors and can help improve clinical outcomes.

As a **BONUS** for attending you will receive a **FREE year membership to the International Association of Trauma Professionals (IATP)**. See page 6 for more details on membership.

AND become a Certified Clinical Trauma Professional (CCTP)! You'll end this conference with a certificate of completion which meets the educational requirements when applying for CCTP certification. Learn more about the CCTP certification at www.traumapro.net.
