Looking to improve your therapy approach?

Each time he/she arrives, you use the same tools and techniques you've used for so long – and mostly successfully – but this one client is testing your skills. Now, you can begin to integrate **Acceptance and Commitment Therapy (ACT)** into your practice – and see improved outcomes.

Researched and developed by world-renowned researcher, speaker and author **Steven Hayes, Ph.D.**, ACT is fast becoming the treatment approach that gets to the heart of the therapeutic relationship.

Join ACT expert, trainer and co-author with Steven Hayes of *ACT in Practice*, **Daniel J. Moran, Ph.D., BCBA-D**, for this workshop where you will develop highly practical, evidence-based skills, case conceptualization techniques and powerful strategies that will improve outcomes for the following:

- **Anxiety Issues**
  - **Post-Traumatic Stress Disorder**
  - **Mood Disorders**
  - **Substance Abuse**
- **Anger Management**
  - **Eating Disorders**
  - **Trauma**
  - **Personality Disorders**

Attend this intensive, engaging and transformative workshop and start a new path for healing you can use with your most difficult clients.

*Free Mindfulness exercises are included!*  
*You will also receive copies of ACT-based psychological assessment tools and case conceptualization forms.*

Speaker

**Daniel J. Moran, Ph.D., BCBA-D**, is the former president of the Association for Contextual Behavioral Science (ACBS), the international ACT organization with over 8,000 members worldwide. He co-authored the first case conceptualization manual for Acceptance and Commitment Therapy entitled *ACT in Practice* (New Harbinger) and served on the first ACT training committee.

As a recognized ACT Trainer in the ACBS community, Dr. Moran has an engaging training style that has led him to be an invited keynote speaker for many events in the last decade.

He has also been featured on The Oprah Winfrey Network, TLC, and The Discovery Channel discussing the treatment of many clinical disorders and has published several articles and book chapters, including publications with CBT pioneer Albert Ellis and ACT pioneer Steven Hayes.

Dr. Moran founded the MidAmerican Psychological Institute, a clinic in Chicagoland, and continues to supervise therapists and treat patients in that organization. His passion is for applying the ACT principles in important areas outside of the clinic, such as the boardroom or construction sites. He established Pickslyde Consulting in order to bring mindfulness and value-directed commitment skills to the workplace in order to improve safety, innovation and leadership. Dr. Moran has utilized ACT in work implementations and clinical training sites on six continents and in all 50 of the United States.
