

## Dialectical Behavior Therapy (DBT) Certificate Course: 2-Day Intensive Training

Dialectical Behavior Therapy (DBT) is an empirically validated approach for working with mental health, chemical dependency, and complex co-morbidity. Designed to empower clients to establish mindfulness, distress tolerance, emotional regulation, and interpersonal effectiveness, DBT assists clinicians in treating clients with emotional problems, suicidal, self-harm, and self-sabotaging urges and behaviors, and challenging interpersonal styles.

Certificate of completion will be awarded at the end of the course

This course counts towards the educational requirement when applying for Certification in Dialectical Behavior Therapy through Evergreen Certification Institute (EVGCI)

Attend this 2-day certificate course and receive a detailed understanding and foundation of the skills of Dialectical Behavior Therapy (DBT) as applied to clients with mental health and chemical dependency issues. Going beyond symptom management, these skills are designed to improve functioning to build satisfying lives.

This course explores DBT's theoretical basis, specific DBT interventions, and how to teach skills in individual and group settings. Familiarity with these skills and techniques along with experiential exercises will enhance your clinical skills and professional development.

Guided by the latest research and policy in evidence-based practices, this course teaches the clinical process and content of DBT from theory to practice. Going beyond prescriptive applications, this course shows you how to use essentials such as validation, dialectical strategies, communication styles, and the best ways of changing behaviors in order to effectively balance acceptance and change with your clients. Complete with education on user-friendly diary cards and chain analysis protocols, you will leave this conference with increased DBT competency as well as many new tools including client worksheets to bring to your clinical practice.

### Course Highlights

- Use DBT flexibly, creatively and effectively for a variety of clients
- Build a foundation of DBT competency
- Integrate DBT skills into individual and group therapy
- Use case examples as a guide for effective application of skills in clinical situations
- Learn DBT "inside-out" from theory to application
- Practice streamlined diary cards and chain analysis protocols

## Speaker

**Andrew Bein, Ph.D., LCSW**, has, for 20 years, been implementing mindfulness-based practices and Dialectical Behavior Therapy at a variety of practice settings. In a manner responsive to clinician, client and contextual realities, he has launched and contributed to DBT integration at the following settings: community mental health, outpatient dual diagnosis, women's substance abuse, crisis residential, and high school and he has incorporated DBT into his private practice for individual and group treatment.

In addition to being a nationwide speaker, Dr. Bein is Professor Emeritus at Sacramento State University. His seminars blend evidence-based and practical-based guidance with compassion, humor and clarity, reflecting his deep commitment to directly modeling positive clinician practice. His latest book, *Dialectical Behavior Therapy for Wellness and Recovery: Interventions and Activities for Diverse Client Needs*, illustrates how DBT can be integrated into clinical practice for profound client change.

Speaker Disclosure:

Financial: Andrew Bein has an employment relationship with Sunburst Project. He is an author for John Wiley and Sons and receives royalties. Dr. Bein receives a speaking honorarium from PESI, Inc.

Non-financial: Andrew Bein has no relevant non-financial relationship to disclose.
