

Outline

How vision deficits create unseen therapy roadblocks with...

- Neurological disorders
 - Stroke
 - TBI
 - Parkinson's
- Balance, posture and gait
- ADLs
- Reading, communication and cognition

HANDS-ON LAB Spot vision deficits early to avoid progress plateaus

- Vision anatomy and its impact on function
- Understanding your patient's vision complaints and history
- Comprehensive vision assessment, step-by-step
- Adapt and improve therapy using assessment findings

HANDS-ON LAB Game-changing vision rehab interventions

- Practice proven techniques you can use immediately to:
 - Increase safety during ambulation and transfers
 - Reduce falls
 - Reduce dizziness and motion sensitivity
 - Improve posture and gait
 - Improve compliance with home exercise programs and prescriptions
 - Improve performance of ADLs
 - Improve reading and communication
 - Increase functional independence
 - Improve depth perception
 - Eliminate double vision
 - Improve peripheral awareness
 - Expand visual fields

How to combine multiple approaches more effectively for better outcomes

- Functional compensation strategies
- Visual accommodations
- Visual field scanning
- Binocular vision exercises
- Optical lenses
- Prism adaptation
- Cataract surgery

HANDS-ON LAB Design advanced, innovative plans of care for your patients

- Practice effective strategies for resolving functional deficits caused by:
 - Blindness
 - Macular degeneration
 - Glaucoma
 - Diabetic retinopathy
 - Presbyopia
 - Retinitis pigmentosa
 - Double vision
 - Cataracts
 - Visual field cuts

CASE STUDIES Put knowledge to practice

- Case study 1: Correctly select the root cause of impairment
- Case study 2: Problem solve a complex vision impairment and develop an effective treatment plan
- Case study 3: Navigate pharmacological side effects and comorbidities
- Case study 4: Adapt a standard plan of care for a legally blind patient
- Case study 5: Overcome barriers to effective strategy implementation

Maximize your reimbursement

- Coding and billing updates for vision rehabilitation
- Justify therapy with the right progress measures
- Avoid denials and audits with these tips

Hassle-Free Cancellation Policy: If you contact us before the event date, you can exchange for a DVD on the subject (self-study continuing education credit may be available), a certificate to attend another seminar, or receive a tuition refund less a \$30 cancel fee. Substitutions are permitted at any time.

Seminar on DVD Package: You can purchase a self-study package on the subject. You will receive a set of DVDs that include a digital copy of the seminar manual and post-test/evaluation. You and your colleagues can receive CE hours for a nominal fee. To determine if homestudy credits are available for your profession go to www.pesirehab.com or call 800-844-8260. Check with your licensing board to verify acceptance of self-study credits for license renewal. Order today by using the order form on this brochure or by calling 800-844-8260.

HAVE A SEMINAR IDEA? A MANUSCRIPT TO PUBLISH?

The nation's top speakers and authors contact PESI first. If you are interested in becoming a speaker or have a new topic idea, please contact Orion Tarpley at otarpley@pesi.com or 715-855-5262.

A NON-PROFIT ORGANIZATION CONNECTING KNOWLEDGE WITH NEED SINCE 1979

Innovative Vision Rehab Strategies for PTs, OTs, and SLPs

Don't Let Vision Limit Your Patient's Progress

When your patient wins the day, you win the day. And in those moments, you're unstoppable.

But when your patient has vision deficits, even your most tried-and-true therapy protocols can quickly go off the rails, dramatically limiting your effectiveness and halting progress in a variety of frustrating ways:

- Poor performance of tasks/exercises
- Avoidance of ADLs
- Increased functional dependence
- Noncompliance with home programs
- Reading/communication problems
- Limited hand-eye coordination
- Gait and posture dysfunction
- Frequent falls

Here's the good news. Vision deficits don't have to limit you or your patients ever again.

Join your colleagues at this upcoming seminar and discover a powerful framework for vision rehabilitation that has helped countless therapists and their patients overcome these challenges.

Whether your patients are adults with diabetic retinopathy or stroke survivors with vision perception problems, you'll transform your practice with innovative interventions that accelerate progress for outcomes that will earn you referrals.

Speaker

ROBERT CONSTANTINE, OTR/L, is an expert in vision rehabilitation, with over 20 years of experience guiding patients with brain injury, stroke, and developmental delays to functional independence.

He is a member of the Neuro-Optometric Rehabilitation Association, a unique interdisciplinary organization that brings together the tools of optometry, occupational and physical therapy to improve outcomes for patients with neurological diagnoses. In addition, he is the only occupational therapist to be a member of the High Performance Vision Associates, an elite group of sports vision optometrists. As such, Mr. Constantine has participated in sports vision screenings at IMG Academy, Hendricks Motorsports, and on the PGA tour. He has also developed and marketed drag-racing specific glasses that have been successful in NHRA Sportsman drag racing, as well as having worked with elite NHRA racers, golfers, and sporting clays champions.

Speaker Disclosures:

Financial: Robert Constantine has an employment relationship with Pearl Nelson Center. He receives a speaking honorarium from PESI, Inc.

Non-financial: Robert Constantine has no relevant non-financial relationship to disclose.

Objectives

- Identify the latest advances in vision rehab and their implications for PTs, OTs, and SLPs.
- Demonstrate a comprehensive assessment, identifying and differentiating root causes of vision deficits and related functional impairment.
- Demonstrate the most effective interventions available for managing vision deficits, restoring function, and improving safety.
- Outline multidisciplinary strategies that combine multiple interventions for better outcomes.
- Design effective, innovative plans of care for a wide range of vision diagnoses and functional impairments.
- Apply the assessments and interventions discussed in this seminar to a series of interactive case scenarios.

TARGET AUDIENCE

Physical Therapists	Speech Language Pathologists
Physical Therapist Assistants	Athletic Trainers
Occupational Therapists	Nurses
Occupational Therapy Assistants	Nurse Practitioners

Live Webcast Details and Live Webcast Continuing Education Credit Information

Join us on December 13, 2019, for this live, interactive webcast! Invite your entire office and, like a live seminar, "attend" the webcast at its scheduled time. It's easy and convenient! Webcasts provide everything you need for a premier educational experience including real-time video and audio of the speaker. See and hear the speaker, ask questions via email and have them answered during the webcast, and watch the slides all on your computer screen. Seminar materials are available for download. One CE Certificate is included. Certificates of Completion can be printed after completing and passing the on-line post-test evaluation. Additional certificates are available for \$49.99 USD per participant. Please see "live seminar schedule" for full attendance start and end times. NOTE: Boards do not allow credit for breaks or lunch. For CE information for the live webcast, please visit: www.pesirehab.com/webcast/74495

SAVE BY INCLUDING THESE PRODUCTS WITH SEMINAR REGISTRATION!

Neuro Notes: Clinical Pocket Guide

By Claudia Fenderson, PT, ED.D., PCS and Wen Ling, PT, Ph.D.

Whatever the practice setting—acute care, rehabilitation, outpatient, extended care, or in a school—turn to this handy pocket guide to the neurological examination. Small in size, but not in content, it covers all of the common neuromuscular conditions, disorders, and diseases you might encounter in patients throughout their lifespans. A spiral binding, thumb tabs and nearly 240 illustrations insure you can find just what you're looking for. Waterproof, reusable pages let you record clinical data and then wipe the pages clean with alcohol.

Ortho Notes: Clinical Examination Pocket Guide, 4th Edition

By Dawn Gulick, Ph.D., PT, ATC, CSCS

A Davis's Notes title!

Perfect wherever you are...in class, in clinical, and in practice! Put the information you need in class, clinical, and practice at your fingertips with this handy, easy-to-use guide. Each joint tab includes the most effective special tests (rated by sensitivity and specificity), medical screening, imaging, mechanism of injury, ROM, strength and functional deficits.

Live Seminar & Webcast Schedule (Times listed in Pacific)

7:30 Registration/Morning Coffee & Tea

8:00 Program begins

11:50 - 1:00 Lunch (on your own)

4:00 Program ends

There will be two 15-min breaks (mid-morning & mid-afternoon). Actual lunch and break start times are at the discretion of the speaker. A more detailed schedule is available upon request.

Live Seminar Continuing Education Credit Information

Credits listed below are for full attendance at the live event only. After attendance has been verified, pre-registered attendees will receive an email from PESI Customer Service with the subject line, "Evaluation and Certificate" within one week. This email will contain a link to complete the seminar evaluation and allow attendees to print, email or download a certificate of completion if in full attendance. For those in partial attendance (arrived late or left early), a letter of attendance is available through that link and an adjusted certificate of completion reflecting partial credit will be issued within 30 days (if your board allows). Please see "LIVE SEMINAR SCHEDULE" on this brochure for full attendance start and end times. NOTE: Boards do not allow credit for breaks or lunch.

If your profession is not listed, please contact your licensing board to determine your continuing education requirements and check for reciprocal approval. For other credit inquiries not specified below, or questions on home study credit availability, please contact cepesi@pesi.com or 800-844-8260 before the event.

Materials that are included in this course may include interventions and modalities that are beyond the authorized practice of mental health professionals. As a licensed professional, you are responsible for reviewing the scope of practice, including activities that are defined in law as beyond the boundaries of practice in accordance with and in compliance with your profession's standards.

PESI, Inc. offers continuing education programs and products under the brand names PESI, PESI Healthcare, PESI Rehab and Psychotherapy Networker.

Athletic Trainers: PESI, Inc. is recognized by the Board of Certification, Inc. to offer continuing education for Certified Athletic Trainers. This program has been approved for a maximum of 6.25 hours of Category A continuing education.

Nurses, Nurse Practitioners, and Clinical Nurse Specialists: PESI, Inc. is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

Nurses in full attendance will earn 6.3 contact hours. Partial contact hours will be awarded for partial attendance.

California Nurses: PESI, Inc. is a provider approved by the California Board of Registered Nursing, Provider Number 17118 for 6.0 contact hours. Full attendance is required. No partial contact hours will be issued for partial attendance.
