

CERTIFIED CLINICAL TRAUMA PROFESSIONAL

Two-Day Trauma Competency Conference

The successful resolution of traumatic stress can be simple.

Studies indicate that there are four key elements to effective trauma treatment. When you accomplish these four key elements in treatment with your clients, you will be able to reduce their symptoms and improve clinical outcomes.

Attend this conference and you will walk away with a step-by-step **four-stage framework** for navigating essential elements of trauma treatment with your traumatized clients.

The essential elements are common to all evidence-based trauma treatments, you will learn how you can integrate this framework with your current approach or methodology to make your trauma treatment even more effective!

This trauma competency training can **transform your clinical practice and help improve your trauma treatment outcomes**, just as it has for other clinicians around the world.

****In addition, completion of this two-day conference meets the educational requirements when applying to become a Certified Clinical Trauma Professional** (International Association of Trauma Professionals, www.traumapro.net)

Meet Your Speaker

Robert Rhoton, PsyD, LPC, D.A.A.E.T.S., is a retired faculty member from Ottawa University (Phoenix) where he worked for 20 years in the Behavioral Sciences and Counseling Department. Dr. Rhoton's primary interests are training counselors to work with traumagenic family dynamics; child & family trauma; and non-egoic models of treatment.

As CEO of Arizona Trauma Institute, Dr. Rhoton has supervised multiple outpatient clinics, juvenile justice programs, and intensive outpatient substance abuse programs for adolescents, as well as day treatment programs for children and youth, adult offender programs, child and family therapeutic services, advanced training in child and adolescent trauma treatment, family therapy and family trauma work.

Dr. Rhoton is the past president of the Arizona Trauma Therapy Network (2010-2012). He is a Diplomate of the American Academy of Experts in Traumatic Stress and collaborates and consults with several Arizona community behavioral health agencies to fine tune their understanding of trauma. Dr. Rhoton serves on the Arizona Department of Health Services Trauma Informed Care (TIC) task-force as a community member. He is a gubernatorial appointee to the Arizona Board of Behavioral Health Examiners and Governor's Office of Youth, Faith and Family.

Speaker Disclosure:

Financial: Robert Rhoton is CEO of Arizona Trauma Institute, LLP. He receives compensation as an Assistant Professor in the Behavioral Sciences and Counseling Department at Ottawa University. Dr. Rhoton receives a speaking honorarium from PESI, Inc.

Non-financial: Robert Rhoton serves on the Arizona Department of Health Services Trauma Informed Care (TIC) task-force as a community member and is also a gubernatorial appointee to the Arizona Board of Behavioral Health.

Transformative Care:

A Trauma-Focused Approach to Caregiving

By Eric Gentry, Ph.D., LMHC, Robert Rhoton, Psy.D., LPC, D.A.A.E.T.S., Your Presenter and Thomas E. Rojo Aubrey, DBH

Transformative Care: A Trauma-Focused Approach to Caregiving goes far beyond simply defining and advocating for trauma-informed care (which has become an important new method for caregiving). Instead, it teaches the developing care provider the mastery and skillset needed to safely and effectively intervene, with a trauma-focused approach, in the lives of those who are suffering from a painful past.

Trauma Treatment Toolbox

165 Brain-Changing Tips, Tools & Handouts to Move Therapy Forward

By Jennifer Sweeton, Psy.D., M.S., M.A.

The latest research from neuroscience and psychotherapy has shown we can rewire the brain to facilitate trauma recovery. *Trauma Treatment Toolbox* teaches clinicians how to take that brain-based approach to trauma therapy, showing how to effectively heal clients' brains with straightforward, easy-to-implement treatment techniques. Each tool includes a short list of post trauma symptoms, relevant research, application, and clinician tips on how to complete the exercise.
