Outline

Origin and Research

The origin of EFT

The different nomenclature of EFT:

- o Energy Psychology
- o Thought Field Therapy
- o Tapping Solution
- o Meridian Therapies

Highlight significant cortisol reduction in peerreviewed, published research

The EFT steps of activating acupoints in conjunction with descriptions of upsets The profound relaxation response from EFT EFT includes cognitive interventions Going beyond talk therapy: Relaxation of

EFT to Eliminate Phobias

activating meridian

Two categories of phobias: Instinct driven or driven from a past negative event

Demonstration of finding and treating with EFT the "first or the worst" time

Live example from the audience, case studies The "borrowing benefits" for all to participate

EFT for Pain Reduction

Self-applied acupoints: A sister to acupuncture Adding metaphors and emotions A mobile tool

Using EFT for Stress, Generalized Anxiety and Panic

Personal peace procedure Checking work and the value of persistence

Ouestions? Call Customer Service: 800-844-8260 Considerations for treating issues thoroughly in the past, present and future

Quieting the physiological arousal of panic

EFT treatment for Compulsions and Unwanted Habits

Finding a baseline

Treat the "urge" or "desire" to perform the unwanted behavior

Greatly diminish hand washing, checking, biting nails or thumb sucking

Check your work via the SUDS intensity measure Future performance enhancement protocol to reinforce gains for the future

EFT with Social Anxiety and Building a Social Skill Set

Social Anxiety: Fear of being scrutinized by

EFT on social situations: Past, present and future Establish layers of communication including ice breaker/small talk

EFT with Acute and Long-Standing Trauma

EFT movie on Veterans 4 Vignettes of War Mind-body sweep: Gentle EFT approach via the associated physical discomfort

Live Seminar & Webcast Schedule (Times Listed in Eastern)

7:30 Registration/Morning Coffee & Tea

8:00 Program begins

11:50-1:00 Lunch (on your own)

4:00 Program ends

There will be two 15-min breaks (mid-morning & mid-afternoon). Actual lunch and break start times are at the discretion of the speaker. A more detailed schedule is available upon request

Objectives

- 1) Explain the origin and efficacy of the Emotional Freedom Techniques (EFT) including peer reviewed,
- 2) Implement self-applied, light touch or tapping on acupoints to calm and rebalance the body system while thinking about disturbing upsets to create a desensitized state as measured by continuous dropping of the SUDS level.
- 3) Distinguish that EFT is a mind-body treatment that desensitizes unwanted thoughts, emotions and physical discomfort.
- 4) List exploratory questions to elicit the first or worst defining event and how to treat it in all manifestations in the past, present and future.
- 5) Demonstrate EFT techniques for stress, phobias, generalized anxiety disorder, panic and traumatic
- 6) Describe how EFT can greatly diminish frustrating OCD compulsions and unwanted habits.
- 7) Utilize a two-prong approach to treating social anxiety: EFT and social skill building.
- 8) Describe why EFT works in conjunction with and beyond talk therapy and how it often cuts quickly through resistant problems.
- 9) Explore working with pain reduction using acupoints and psychological constructs of metaphors
- 10) State the ethical concerns of not working outside knowledge base and obtaining ongoing "permission" to use these methods.

What do you do with anxiety and trauma clients who do not improve?

The anxiety spectrum exemplifies the disorders where emotions override thought. Fragmented memories get stored in the body. The Emotional Freedom Techniques (EFT) collapse this uncomfortable emotional and physical reactivity, therefore freeing a path for spontaneous insights and clearer thinking.

Emotional Freedom Technique (EFT) is a comprehensive mind-body treatment that desensitizes three areas: unwanted thoughts, emotions and physical reactions. EFT combines physical interventions derived from restorative (self-applied) acupressure theory with cognitive interventions.

EFT is an evidence-based practice with over 100 published studies. One published study demonstrated a 24% decrease in cortisol (stress hormone) level in the EFT group (Energypsych.org). EFT is an effective brief therapy and belongs in every therapist's tool box.

Transform your clinical excellence; bring EFT into your practice and treat resistant problems that other methods failed.

This seminar focuses on cutting-edge techniques of EFT to treat the anxiety spectrum disorders including:

- Phobias
- Generalized Anxiety
- Social Anxiety Disorder
- Panic OCD
- · Acute Traumatic Stress Reactions

These mind-body methods are emerging into mainstream mental health, trauma treatment, coaching, employee assistance programs and sport psychology arenas as rapid, effective, non-invasive, calming, desensitizing tools. Do not miss this opportunity to learn evidence-based techniques you can use immediately with your clients and improve treatment outcomes.

Robin Bilazarian, LCSW, DCSW, DCEP

(Diplomate in Energy Psychology), and International Certified Master EFT Trainer, is a brief therapy expert, author and speaker who uses passion and humor to share a wealth of knowledge and her twenty years of experience integrating EFT into mainstream mental health treatment. She is the author of the Amazon best-seller Tapping the Mighty Mind: Simple Solutions for Stress, Conflict, and Pain. Her passion is to bring these rapid, thorough and gentle meridian and cognitive-based techniques into mainstream clinical mental health treatment.

EFT is a well-researched, comprehensive, mind-body treatment that rapidly desensitizes unwanted thoughts, emotions and connected physical reactions. EFT goes beyond supportive counseling and is actual treatment. It's surprising how quickly turmoil dissipates; clients are usually better in one session - even if the issue is long standing.

Robin obtained her MSW degree from the University of Pennsylvania and the University of North Carolina/ Chapel Hill and interned at Duke Medical Outpatient Psychiatry. Her more than thirty years of clinical practice includes employment in all levels of mental health treatment, including private practice and using EFT in a community mental health center and with medical staff. She was recruited and worked for fourteen years as an internal Employee Assistance Program counselor, bringing these highly effective, short-term techniques to medical staff and students in a regional trauma hospital. Her trainees also included police, fire fighters, first responders, educators, city workers and others. She ran numerous internal and external EFT workshops, including psychiatric rounds and community conferences. She speaks nationally and internationally on this topic and presents frequently for NASW and Rutgers University. She is a sought-after expert in working with anxiety spectrum disorders.

Financial: Robin Bilazarian is in private practice. Ms. Bilazarian receives a speaking honorarium from PESI, Inc.

Non-financial: Robin Bilazarian has no relevant non-financial relationships to disclose

PESI Inc. is proud to offer this seminar (at these locations only) free of charge (on live seminar uition) for veterans and active duty military personnel. Limited seats available; advance online eaistration reauired.

Live Webcast Details and Live Webcast Continuing Education Credit Information

Join us on January 27, 2020, for this live, interactive webcast! Invite your entire office and, like a live seminar, "attend" the webcast at its scheduled time. It's easy and convenient! Webcasts provide everything you need for a premier educational experience including real-time video and audio of the speaker. See and hear the speaker, ask guestions via email and have them answered during the webcast, and watch the slides all on your computer screen. Seminar materials are available for download. One CE Certificate is included. Certificates of Completion can be printed after completing and passing the on-line post-test evaluation. Additional certificates are available for \$49.99 USD per participant. Please see "live seminar schedule" for full attendance start and end times. NOTE: Boards do not allow credit for breaks or lunch. For CE information for the live webcast, please visit: www.pesi.com/webcast/76614

Live Seminar Continuing Education Credit Information Occupational Therapists & Occupational Therapy

Credits listed below are for full attendance at the live event only. After attendance has been verified pre-registered attendees will receive an email from PESI Customer Service with the subject line, "Evaluation and Certificate" within one week. This email will contain a link to complete the seminar evaluation and allow attendees to print, email or download a certificate of completion if in full attendance. For those in partial attendance (arrived late or left early) a letter of attendance is available through that link and an adjusted certificate of completion reflecting partial credit will be issued within 30 days (if your board allows). Please see "LIVE SEMINAR SCHEDULE" on this brochure for full attendance start and end times. NOTE: Boards do not allow credit for breaks or lunch.

If your profession is not listed, please contact your licensing board to determine your continuing education requirements and check for reciprocal approval. For other credit inquiries not specified below, or questions on home study credit availability, please contact cepesi@pesi.com or 800-844-8260 before the event.

Materials that are included in this course may include interventions and modalities that are beyond the authorized practice of mental health professionals. As a licensed professional, you are responsible for reviewing the scope of practice, including activities that are defined in law as beyond the boundaries of practice in accordance with and in compliance with

 $\textit{PESI, Inc. offers continuing education programs and products under the brand names \textit{PESI,} \\$ PESI Healthcare, PESI Rehab and Psychotherapy Networker.

Addiction Counselors: This course has been approved by PESI, Inc., as a NAADAC Approved Education Provider, for 6.0 CE in the Counseling Services skill group. NAADAC Provider #77553. PESI, Inc. is responsible for all aspects of their programming. Full attendance is required; no partial credit will be awarded for partial attendance.

Counselors: This intermediate activity consists of 6.25 clock hours of continuing education instruction. Credit requirements and approvals vary per state board regulations.
