- 8:00** Program begins
- 11:50-1:00** Lunch (*on your own*)
- 4:00** Program ends

There will be two 15-min breaks (mid-morning & mid-afternoon). Actual lunch and break start times are at the discretion of the speaker. A more detailed schedule is available upon request.

Objectives

1. Discriminate functions of behavior during a tantrum vs. meltdown.
2. Illustrate the connections and breakdowns between communication, social skills and behaviors.
3. Employ a breathe card and emotions chart to develop self-control and self-management skills.
4. Design optimal therapy/classroom structure to prevent overstimulation and sensory breakdowns.
5. Employ SOCCSS, keychain rules and t-charts to prevent, intervene or consequence targeted behaviors.
6. Utilize surprise cards, change of schedule cues and transition markers to alleviate anxiety.
7. Implement a "system" rather than a person dependent intervention.

PESI Inc. is proud to offer this seminar (at these locations only) *free* of charge (on live seminar tuition) for veterans and active duty military personnel. **Limited seats available; advance online registration required.**

Do you work with children and adolescents with autism who exhibit explosive behaviors that interfere with their ability to effectively and efficiently navigate their environment? They appear willful, obnoxious, over reactive, and unfeeling. They lose control of their ability to cope or regulate their behavior, which can send them spiraling into a gut wrenching meltdown.

Join autism expert Joe'l Farrar, M.Ed., CCC-SLP, BCBA, and learn proven strategies and techniques to help children and adolescence with autism **de-escalate before a full blown meltdown ensues, develop self-control and self-management skills to prevent future meltdowns and learn appropriate/replacement behaviors.** Dozens of strategies will be taught through dynamic video case examples and demonstrations. "Teach them in the way they learn" will be a mantra throughout the seminar.

The Key to Autism

An Evidence-based Workbook for Assessing and Treating Children & Adolescents

By Cara Marker Daily, PhD

The Key to Autism is an invaluable and comprehensive resource for any professional assessing and treating autism in children and adolescents. Filled with dozens of case examples, exercises to understand how the brain with autism works, the latest tools for screening and assessment, and "how-to" sections for applied behavior analysis (ABA), this workbook is the key to understanding the minds of children and adolescents with autism.

Beyond Behaviors

Using Brain Science and Compassion to Understand and Solve Children's Behavioral Challenges

By Mona M Delahooke, Ph.D.

In *Beyond Behaviors*, internationally known pediatric psychologist, Dr. Mona Delahooke describes behaviors as the tip of the iceberg, important signals that we should address by seeking to understand a child's individual differences in the context of relational safety. Featuring impactful worksheets and charts, this accessible book offers professionals, educators and parents tools and techniques to reduce behavioral challenges and promote psychological resilience and satisfying, secure relationships.

Speaker

Joe'l Farrar, M.Ed., CCC-SLP, BCBA, is an American Speech-Language-Hearing Association Certified Speech Language Pathologist, Board Certified Behavior Analyst, and certified special education teacher. She has specialized training from the Institute of Special Education Advocacy at the College of William and Mary School of Law. Ms. Farrar has worked with children and adults with developmental disabilities for over 20 years. During the past 10 years, she has focused her combined knowledge of speech and language disorders and behavioral deficits on providing support and direct services to individuals with autism, FASD and adults with developmental disabilities specifically addressing behaviors related to these diagnoses. Ms. Farrar has worked in a variety of settings including hospitals, intermediate care facilities, group homes, Community Integrated Living Arrangements (CILA's) home-based programs, and outpatient clinics. In these settings, she has worked with and developed transdisciplinary teams and collaboration with other professions which include occupational therapists, physical therapists, teachers, and psychologists. Ms. Farrar has developed curriculum for training staff and families in supporting individuals with significant behavioral needs related to their disabilities. She has presented trainings at American Speech-Language-Hearing Association national conference, Minnesota Fetal Alcohol Syndrome Association (MOFAS) conference, State level developmental disabilities conferences, and Oklahoma Speech Language Hearing Association conference. Ms. Farrar developed training for military families and providers to support individuals with developmental disabilities and advocates for individuals and their families with schools and support agencies.
