

Outline

RESPIRATORY SYSTEMS

Breathing/swallowing coordination

- Overview of systems - anatomy/physiology
- Breathing/Swallow coordination
- Coordination and aspiration
- Airway protective mechanisms
- Reflexive cough

GASTROESOPHAGEAL SYSTEMS

The impact on feeding and swallowing

- Esophageal function
- Digestive functions
- Reflux mechanisms
- When does GER become GERD?
- GERD signs and symptoms
- GERD and feeding/swallowing difficulties
- Esophageal/Pharyngeal inter-relationships

GI/RESPIRATORY RELATIONSHIPS

What's the connection?

- Pressure, energy, and innervation
- Extra-esophageal reflux

ASPIRATION

How much is too much?

- Pulmonary Clearance Mechanisms
- Predictors of pneumonia in various populations

RESPIRATORY DISEASE PROCESSES

The impact on feeding/swallowing

- Pediatric:
- Infant Respiratory Distress Syndrome (IRDS)
 - Bronchopulmonary Dysplasia (BPD)
 - Respiratory Syncytial Virus (RSV)
 - Congenital Heart defects
- Adult:
- Obstructive Sleep Apnea (OSA) and dysphagia
 - Congestive Heart Failure (CHF)
 - Obstructive Conditions
 - Restrictive Conditions

PNEUMONIAS

It's not all aspiration

- Pneumonia vs Pneumonitis
- Community Acquired Pneumonia
- Healthcare Acquired Pneumonia
- Aspiration Pneumonia

AIRWAY MANAGEMENT

What's the impact on swallowing?

- Non-invasive positive pressure ventilation
- High flow nasal cannula
- Intubation
- Tracheostomies

Bring any training in-house!

Convenient • Cost-Effective • Customizable

ASPIRATION ASSESSMENT

Clinical Assessment – Making the Most of your Bedside Eval

- Cognitive assessment
- Pitch elevation
- Serial swallows
- Oral mechanism
- Respiratory factors
- Cough
- Respiratory muscle strength
- 3 oz water tests
- Understanding lab values
- Pulse Oximetry

Instrumental assessment – Which type and when?

- Modified Barium Swallow studies
- Fiberoptic Endoscopic Evaluation of Swallowing

ASPIRATION MANAGEMENT

Diet modifications – Not such a benign intervention

- Implications of dietary changes
- Compliance issues
- Thick liquids - pros and cons
- Water protocols

Strategies and Exercises – What does the evidence tell us?

- Compensation
- Sensory interventions
- Principles of exercise physiology
- Lingual strengthening
- Pharyngeal strengthening
- Expiratory muscle strength training

REFLUX ASSESSMENT

What do these tests tell me?

- Upper GI studies
- Ph Monitoring
- Esophagoscopy
- Scintigraphy

REFLUX MANAGEMENT

What's the dysphagia clinician to do?

- Lifestyle modifications
- Positioning
- Diet modifications
- Medications
- Effects of acid suppression
- Surgical interventions
- New directions in reflux management

Live Webcast Schedule

(Times in Eastern)

8:00 Program begins

12:00-1:00 Lunch

3:30 Program ends

There will be two 15-min breaks (mid-morning & mid-afternoon).
Actual lunch and break start times are at the discretion of the speaker.
A more detailed schedule is available upon request.

Breathing, Digestion & Swallowing

Best Practices in Dysphagia Management

Featuring

ANGELA MANSOLILLO, MA/CCC-SLP, BCS-S,

Speech-Language Pathologist and Board Recognized Specialist in Swallowing Disorders

When breathing changes, so does swallowing - the impact of COVID 19, COPD, and ARDS on swallow safety.

- New research detailing the development and interrelationships between the respiratory and gastroesophageal systems
- Common indicators of reflux and how they impact the treatment process
- Patients at risk for developing aspiration pneumonia
- Evidence for specific dysphagia management strategies and the effectiveness of each

LIVE WEBCAST

Friday, July 17, 2020

BONUS! – Sign up before July 17 and get free on-demand access for 3 months.

"She gave us a wealth of information regarding dysphagia! The group discussion added information and nuances. Excellent instructor! I would take another seminar from Ms. Mansolillo."

Theodore, SLP

What's the safest diet? Is he aspirating? Can she swallow these pills? He hates the pureed food – what else can we do? She's refusing the thick liquids! Is he going to get pneumonia? Does he need a feeding tube?

These are issues that we face every day in our work with children and adults with dysphagia. How do we keep our clients safe, while making sure they're well hydrated and well nourished, and normalize eating as much as possible?

Sometimes, it's about more than just swallowing.

This course will examine the inter-relationships between respiration, gastro-intestinal function, and swallowing to allow clinicians to better identify the underlying causes of their client's swallowing difficulties. We'll look at specific respiratory and GI diagnoses and their impact on what, when, how much, and how safely our clients eat. **Using clinical case studies, we'll examine the evidence to provide you with the tools you need to perform a thorough assessment and implement a comprehensive treatment plan that takes into account all of the potential contributing factors.**

"A much welcomed, practical, useful, a 'hands-on' presentation. I am walking away with an arsenal of oral-motor techniques that I can use tomorrow. It was a very interesting course!" **Shawnie, SLP**

Objectives

1. Use your understanding of the interrelationships between the respiratory and gastrointestinal systems to identify and treat the causes and not just the symptoms of dysphagia in your pediatric and adult clients.
2. Evaluate the impact of respiratory and gastrointestinal functions on swallowing systems in order to choose targeted interventions and increase your effectiveness in reducing aspiration risk.
3. Design effective treatment plans for clients with respiratory and GI disease processes including COPD, Respiratory failure and GERD.
4. Expand your diagnostic tool box to include cough testing, water screenings, pulse oximetry, respiratory muscle strength testing and other evidence based tools.
5. Ensure the success of your treatment plans by identifying reflux disease and its impact on swallowing function in your clients.
6. Design assessment strategies that allow you to identify those clients who are more likely or less likely to get sick as a result of aspiration.

Speaker

ANGELA MANSOLILLO, MA/CCC-SLP, BCS-S, is a speech-language pathologist and Board Recognized Specialist in Swallowing Disorders with over 21 years of experience. She is a senior speech-language pathologist at Cooley Dickinson Hospital in Northampton, Massachusetts where she is involved in evaluation, treatment, and program planning for adults and children with dysphagia. In addition, she is a clinical supervisor and adjunct faculty member at Elms College Department of Communication Sciences and Disorders in Chicopee, Massachusetts. For over 15 years, she has worked in a variety of clinical settings, provided numerous regional and national presentations and served as guest lecturer at several colleges and universities throughout Massachusetts.

Ms. Mansolillo received her Bachelor of Arts degree in communication from Rhode Island College and earned her Master of Arts in speech-language pathology from the University of Connecticut. She is a member of the American Speech-Language-Hearing Association and is a member of Special Interest Division 13, which focuses on swallowing and swallowing disorders.

Speaker Disclosures:
Financial: Angela Mansolillo has an employment relationship with Cooley Dickinson Hospital. She receives a speaking honorarium from PESI, Inc.
Non-financial: Angela Mansolillo is board certified specialist, Swallowing and Swallowing Disorders of the American-Speech-Language-Hearing Association.

Who Should Attend

Speech-Language Pathologists • Speech-Language Pathology Assistants • Occupational Therapists • Occupational Therapy Assistants • Respiratory Therapists • Nurses • Nursing Assistants • Restorative Nursing Staff • Dietitians • Dietary Managers • Long-Term Care Professionals

Hassle-Free Cancellation Policy: If you contact us before the event date, you can exchange for a self-study package on the subject (CE credits may be available), a certificate to attend another live webcast, or receive a tuition refund less a \$30 cancel fee. Substitutions are permitted at any time.

Digital Seminar or DVD: You can purchase a self-study package on the subject and you and your colleagues can receive CE hours for a nominal fee. To determine if homestudy credits are available for your profession go to www.pesirehab.com or call 800-844-8260. Check with your licensing board to verify acceptance of self-study credits for license renewal. If purchasing the digital format, you will receive an emailed order confirmation which contains your login instructions to access the recorded seminar, electronic handouts and online post-test. Order today by using the order form on this brochure or by calling 800-844-8260.

Have a seminar idea? A manuscript to publish? The nation's top speakers and authors contact PESI first. If you are interested in becoming a speaker or have a new topic idea, please contact **Cyndi Postlewaite** at cpostlewaite@pesi.com or call **715-855-5253**.

The best conference I've attended in years. Clearly designed for the clinicians interested in complex feeding issues.
Maryellen, SLP

Online Learning Made Easy!

Join us on July 17, 2020, for this live, interactive webcast!

Connect, collaborate and learn with our online seminars! It's easy, webcasts provide everything you need for an online educational experience including real-time video and audio, view slides on your computer screen, and the ability to ask your questions. Seminar materials are available for download. Bonus, registration includes 3 month access to the on-demand seminar for you to watch again!

It's easy and convenient!

Register now! pesirehab.com/webcast/83428

Train your whole organization

Purchase one full-price registration → train unlimited additional attendees for only \$49.99 each

• Watch and participate in real time

• One CE Certificate is included

• **BONUS!** Receive free on-demand access for 3 months with registration!

CE CREDIT AVAILABLE FOR WEBCAST – UP TO 6.0 HOURS!

This continuing education activity is designed to meet state board requirements for the following professionals. For specific credit approvals and details, visit pesirehab.com/webcast/83428.

Nurses – All States

Occupational Therapists – AK, AL, AR, AZ, CA, CO, CT, DC, DE, FL, GA, HI, IA, ID, IL, IN, KY, LA, MA, MD, ME, MI, MN, MO, MS, MT, NC, ND, NE, NH, NJ, NV, NY, OK, OR, PA, RI, SC, SD, TN, TX, UT, VA, VT, WA, WI, WV, WY

Speech Language Pathologists - All States

For specific credit approvals and details, visit pesirehab.com/webcast/83428.

For credit inquiries or questions on home study credit availability, please contact cepesi@pesi.com or 800-844-8260 before the event.

National Approvals

Credits listed are for full attendance at the live webcast only. The CE certificate can be downloaded/printed after completing the webcast and passing the online post-test evaluation (80% passing score). Additional participants can receive a CE certificate by adding a post-test evaluation to their account for \$49.99 USD. Please see schedule for full attendance start and end times. NOTE: Boards do not allow credit for breaks or lunch.

AOTA Approved Provider: PESI, Inc. is an AOTA Approved Provider of continuing education. Provider #: 3322. Full attendance at this course qualifies for 6.0 contact hours or .6 CEUs in the Category of Domain of OT and Occupational Therapy Process. Partial credit will be issued for partial attendance. The assignment of AOTA CEUs does not imply endorsement of specific course content, products, or clinical procedures by AOTA. Course Level: Intermediate.

ACCREDITED PROVIDER: PESI, Inc. is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation. Nurses in full attendance will earn 6.0 contact hours.

information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

This course is offered for 6 ASHA CEUs (Intermediate level, Professional area).

** Please note that Speech-Language Pathologists must complete the post-test and evaluation within two weeks of attending the live event if they would like their participation submitted to the ASHA CE Registry. Detailed instructions will be provided the day of the program under the Handouts section of the online program.
