Trauma & Attachment

Effective Treatment Strategies for Helping Challenging Clients

Join internationally known attachment and trauma therapist, Terry M. Levy, Ph.D., in this cutting-edge seminar as he teaches you concepts and skills necessary to facilitate positive change with challenging clients with trauma and/or attachment wounds. You will learn effective assessment and therapeutic techniques for children, adults and couples, based on the latest research in neurobiology, trauma and attachment therapy, and resilience.

Clinical videos will illustrate how various interventions promote change and healing with the following issues:

- Beliefs and attitudes
- Attachment security in children and adults
- Traumatic emotions, behaviors, mindsets, and brain/biochemistry
- Self-regulation
- Communication and resilience
- Family dynamics
- Controlling, defiant and resistant clients.

Through video case studies, presentation and discussion, you will leave this seminar with practical and effective techniques you can use to help clients achieve symptom reduction, fulfilling lives and meaningful relationships.

“I love how you combined many theories and methods into a successful therapeutic program.”
– *Marriage and Family Therapist of 20 years*
