Speaker

**DR. KIRSTEN DAVIN, OTDR/L, ATP, SMS,** is a veteran occupational therapist of over 19 years with extensive experience in a variety of inpatient and acute care practice since obtaining her occupational therapy degree in 2001. She is best known for her live, national speaking tours, as she has conducted thousands of workshops and courses on the topics of splinting, seating/positioning, assistive technology, acute care assessment and intervention, and work/life balance.

Kirsten received her Doctorate in Occupational Therapy in 2007, and graduated from the University of Illinois at Chicago in 2001. She was most recently named the 2016 recipient of the VGM HME (Home Medical Equipment) Woman of the Year Award, presented at the fall MedTrade conference in Atlanta, Georgia.

Speaker Disclosures:  
Financial: Kirsten Davin is president of Escape Mobility Solutions. She receives a speaking honorarium from PESI, Inc.  
Non-financial: Kirsten Davin has no relevant non-financial relationship to disclose.

Objectives

- State the critical elements of analysis and assessment in mobilizing medically fragile patients.
- Develop an appropriate plan of care for patients who present with a critically ill cardiac, neurological or respiratory diagnosis.
- Distinguish the characteristics, similarities of, and differences between, medically fragile and general acute care patients and methods to implement successful therapeutic interventions with each.
- Demonstrate an understanding of the outcome tools available for assessment of the acute or critically ill patient.
- Evaluate strategies for addressing the behaviorally challenging patient and successful methods for patient engagement.
- Identify methods to effectively document progression throughout the acute care spectrum.
