Join Dr. Gregory Lester as he delivers an intensive workshop and seminar designed to provide you with the knowledge, skills, and abilities to identify and treat your most difficult personality disordered clients. Better understand your clients with Antisocial, Narcissist, Histrionic and Borderline Personality Disorder and make a breakthrough in clinical treatment.

You will explore various modalities that are effective with antisocial, narcissistic, histrionic, and borderline personality disorders, such as Motivational Interviewing, Cognitive-Behavioral, Interpersonal, and Dialectical therapies. Each of these theories will be explored to provide you with solid and useable skills to include in your daily practice.
