

Outline

The Costs of Undertreated ADHD

- Why ADHD may be the disorder “behind the curtain” of significant health problems
- Risk factors: suicide, self-injury, obesity, substance abuse, diabetes and shorter life expectancy
- Your role in educating kids, caregivers and medical professionals on the health risks of ADHD
- How to broaden your assessment beyond the DSM-5® to include diet, nutrition, sleep and quality of life

The Future of Diagnosis and Treatment

- Dr. Barkley's most recent research – and what it means for you as a helping professional
- Sluggish Cognitive Tempo (SCT) – ADHD's lesser known, but just as prominent and debilitating cousin

- Comparing SCT and ADHD – Demographics, Comorbidity, Risks and Impairments
- Why SCT is often diagnosed as “ADHD – Inattentive Type” or “ADD”
- Crucial differences in treatment recommendations for SCT v. ADHD

14 Best Principles for Managing ADHD in Children and Teens

- Understanding ADHD as a disorder of executive functioning and self-regulation
- The latest evidence-based treatment recommendations for improving:
 - Self-awareness
 - Time management
 - Emotional self-control
 - Self-motivation
 - Planning and problem solving
 - And more!
- Recommendations on what to avoid – and why – with kids who have ADHD

Objectives

1. Determine the health problem the health problems that are negatively affected by ADHD and how to use this knowledge to appropriately revise intervention approaches.
2. Evaluate the diagnostic criteria of ADHD to the clinical features of SCT as suggested in the most recent literature.
3. Analyze 14 principles that will promote better executive functioning and self-regulation for children and teens with ADHD.

Meet Your Speaker

Russell A. Barkley, Ph.D., is a clinical professor of psychiatry at the Virginia Treatment Center for Children and Virginia Commonwealth University Medical Center, Richmond, VA. He is a Diplomate (board certified) in three specialties, Clinical Psychology (ABPP), Clinical Child and Adolescent Psychology, and Clinical Neuropsychology (ABCN, ABPP). Dr. Barkley is a clinical scientist, educator, and licensed practitioner who has published 23 books, rating scales, and clinical manuals numbering 41 editions. He has also published more than 270 scientific articles and book chapters related to the nature, assessment, and treatment of ADHD and related disorders. He is the founder and editor of the bimonthly clinical newsletter, The ADHD Report, now in its 25th year of publication. Dr. Barkley has presented more than 800 invited addresses internationally and appeared on nationally televised programs such as "60 Minutes", the "Today Show", "Good Morning America", "CBS Sunday Morning", CNN, and many other programs on behalf of those with ADHD. He has received awards from professional societies and ADHD organizations for his lifetime achievements, career accomplishments, contributions to research in ADHD, to clinical practice, and for the dissemination of science. His websites are www.russellbarkley.org and ADHDLectures.com.
