Looking to improve your therapy approach?

How often do you review your appointment calendar and start wondering how you're going to, finally, help a regular client who seems to progress for a while – and then regress?

Each time he/she arrives, you use the same tools and techniques you've used for so long - and mostly successfully - but this one client is testing your skills. Now, you can begin to integrate Acceptance and Commitment Therapy (ACT) into your practice – and see improved outcomes.

Researched and developed by world-renowned researcher, speaker and author **Steven** Hayes, Ph.D., ACT is fast becoming the treatment approach that gets to the heart of the therapeutic relationship.

Join ACT expert and trainer, Jennifer Patterson, Psy.D., LCPC, for this workshop where you will develop highly practical, evidence-based skills, case conceptualization techniques and powerful strategies that will improve outcomes for the following:

- · Anxiety Issues
- · Post-Traumatic Stress Disorder
- · Mood Disorders
- · Substance Abuse

- · Anger Management
- Eating Disorders
- Trauma
- Personality Disorders

Attend this intensive, engaging and transformative workshop and start a new path for healing you can use with your most difficult clients.

Free Mindfulness exercises are included! You will also receive copies of ACT-based psychological assessment tools and case conceptualization forms.
