# PSYCHOPHARMACOLOGY

## Essential Information for Mental Health Professionals

Dr. Kenneth Carter, a board certified clinical psychologist with a Master's degree in clinical psychopharmacology, shares his clinical experience and training to provide detailed information about the range of common medications prescribed for mental health conditions. You will get the latest information on antidepressants, anxiolytics, and common medications for insomnia and Attention deficit/Hyperactivity Disorder among others. Through lecture, the examination of multi-disciplinary ethics codes and real case examples, you will take a close look at the ethical decisions that accompany medication use and the non-prescribers role and limits with regards to medication discussions with your patients.

Dr. Carter answers questions from providers in the field and walks through examples of practical clinical discussions that come up every day in practice, including how to discuss scope of practice with your patients in order to optimize their care when working with multiple providers. The goal is for you to leave better prepared to communicate with your clients as well as the prescribers, as Dr. Carter instructs you on how the medications work, their benefits, and the side effects and dangerous reactions associated with them.

### Target Audience:

Counselors • Social Workers • Psychologists • Psychotherapists • Case Managers  
Marriage & Family Therapists • Nurses • Nurse Practitioners • Clinical Nurse Specialists  
Substance Use Disorders Counselors • Occupational Therapists • Physicians  
Occupational Therapy Assistants • Other Mental Health & Health Care Professionals

**Have a seminar idea? A manuscript to publish?** The nation's top speakers and authors contact PESI first. If you are interested in becoming a speaker or have a new topic idea, please contact **Victoria Franz** at [vf Franz@pesi.com](mailto:vf Franz@pesi.com) or call **715-855-8108**.

## MEET YOUR SPEAKER

**Kenneth Carter, PhD, ABPP**, is a board-certified clinical psychologist and professor of psychology at Oxford College of Emory University in Atlanta, Georgia. Dr. Carter received his MA and PhD in clinical psychology from the University of Michigan in Ann Arbor and a postdoctoral master's degree in clinical psychopharmacology from Fairleigh Dickerson University. Dr Carter has taught clinical psychopharmacology classes at Emory University since 2005 and has presented highly rated psychopharmacology workshops to clinicians throughout the United States since 2010. Dr. Carter has served as a senior assistant research scientist in the Epidemic Intelligence Service of the Centers for Disease Control and Prevention. He has been a psychotherapist and researcher for more than 20 years, during which time he has garnered awards from the National Institutes of Health, the National Heart, Lung and Blood Institute, and the University of Michigan. Dr. Carter has presented at numerous conferences and written several books and articles on introductory psychology, neuropsychology and psychopharmacology.

#### Speaker Disclosures:

Financial: Dr. Kenneth Carter has employment relationships with Positive Impact Health Centers and Oxford College of Emory University. He is a published author and receives royalties. Dr. Carter receives a speaking honorarium and recording royalties from PESI, Inc. He has no relevant financial relationships with ineligible organizations.

Non-financial: Dr. Kenneth Carter is a member of the American Psychological Association, the Association for Psychological Science, the Neuroscience Education Institute, the American Association for the Advancement of Pharmacotherapy, and the American Board of Professional Psychology.
